

# OUR STORY

**2016**

The cover features a complex geometric pattern of diagonal stripes and chevrons. A dark blue horizontal bar at the top left contains the year '2016' in white. The background is composed of various shades of blue, teal, and yellow, creating a dynamic, modern aesthetic. The stripes and chevrons are arranged in a way that creates a sense of movement and depth.

**Romeo  
Bellegarrigue**

Romeo enjoys shopping at Zumies. He loves Odd Future merch and Thrasher.

"I don't really have a style." Romeo states, "I'm from the Young Rich Nation, so I kinda like that."

His style really matches his personality.

**Emma Oss**

"Emma Roberts inspires my style. I like to be unique and not normal." Emma definitely has a unique, but nice style. She loves glitter and sparkles.

Emma usually wears her favorite blue Converse that look good with her unique, but fashionable outfits.

**Josue Ponce**

"I don't really have a style. I just get clothes from my closet." Josue says. This 8th grader enjoys shopping at Aeropostale and Hollister. His mainstream style includes hoodies & jeans.

**Georgia  
Jacobsen**

Georgia has a easy style of jeans and some kind of plaid. It works very well. "Rachel Green from Friends inspires my style. She's just so fabulous. She is my favorite." Don't worry Georgia we all think you are just as fabulous as Rachel Green.

## Tamia Stringfellow

"Who inspires me is my mom and Amy Song," says Tamia, "She inspires me to have more than one style and explore my horizons."

Tamia definitely has multiple styles and she is rocking every one of them.

## Nathan Jordan

"Like a hip hop dancer, I guess is my style. When SWAG was around, that's how I dress." Nathan says. Galaxy is also one of his awesome styles. But whatever he wears, Nathan always makes it cool.

## Bryan Andujo

Bryan loves hoodies and sweat pants.  
"I like casual, comfy clothes and Converse."

Bryan stated. Who can blame him?  
We all love comfy clothes.

## Julia Glenn

It's definitely safe to say that Julia is always wearing an amazing outfit. "I'm going to say my mom has inspired me," says Julia. "Because she taught me my way around fashion and you should dress for something that makes you feel comfortable and happy."

## WORLD YEARBOOK

**PILLARS OF CREATION** In honor of the 25<sup>th</sup> anniversary of the Hubble space telescope, scientists captured a more recent image of Eagle Nebula's iconic sight of cold gas lit up by stars.

**GUN RIGHTS VS GUN CONTROL** Debates continued, deaths mounted and protests focused continued attention on the issue. With many mass shootings and a single-day record of 185,345 background checks for prospective gun buyers on Black Friday, the topic was ever-present. **MAJOR INCIDENTS** Mass shootings at a state-run developmental facility in San Bernardino, CA; a Planned Parenthood clinic in Colorado Springs; a community college in Roseburg, OR; military centers in Chattanooga, TN and a Charleston, SC church were deadly. **#BLACKLIVESMATTER** Because additional high-profile cases involving police-related deaths occurred, protests and debate about law enforcement and race relations continued.

**IN THE MIX** While a nomination would not be official until after the RNC in Cleveland in July, 2016, five Republican candidates remained active throughout the primary season. Ben Carson, a Maryland surgeon; Texas senator Ted Cruz; Ohio governor John Kasich; Florida senator Marco Rubio and New York businessman Donald Trump met in 13 debates and seven forums to make their ideas known. Ten other candidates had filed, but withdrew sometime before the first caucuses in Iowa and another seven left the race as primaries heated up. **LESS CROWDED FIELD** Maryland governor Martin O'Malley left the race following the Iowa caucus in January and Democratic presidential contenders Hillary Clinton and Bernie Sanders took turns "winning" states early on. Clinton, the former Secretary of State and New York senator, and Sanders, a Vermont senator, would continue to contest each other in primaries through the spring. The Democratic National Convention was scheduled for July, 2016 in Philadelphia.

**EQUAL DIGNITY** Just a month after the Supreme Court ruled 5-4 that states cannot keep same-sex couples from marrying and must recognize their unions, the Boy Scouts of America lifted its ban on openly gay adults as scout leaders. **AVIAN FLU** A severe outbreak crippled the domestic egg and poultry industries, affecting nearly 50 million birds, creating shortages and causing record-high prices.

# REACTION & ACTION

THE CONTENTIOUS DEBATE SURROUNDING SYRIAN REFUGEES AND THEIR ACCEPTANCE IN THE US CONTINUED, WITH 31 STATES REJECTING THE IDEA.

In September, the Obama administration announced plans to increase the number of worldwide refugees accepted into the United States each year from 70,000 to 85,000 in 2016 and by another 15,000 in 2017. According to Secretary of State John Kerry, this step "is in keeping with the best tradition of America as a land of second chances and a beacon of hope." Other world leaders also announced aid for the estimated 4.5 million Syrians who have fled their homeland since the civil war there began in 2011; Canada, France and Germany revealed plans to resettle families who continue to flee Syria — where healthcare, education systems, and other infrastructure have been destroyed and the economy is shattered.

# FAR & AWAY

"WHEN TRAGEDY STRUCK THAT  
EVENING, OUR HEARTS BROKE, TOO."

-PRESIDENT OBAMA

November 13 was a devastating evening for the entire world as tragedy struck in Paris, France. A series of carefully orchestrated attacks took place in the City of Love and its Northern suburb, Saint-Denis. Suicide bombings and mass shootings in the streets, restaurants, a concert hall and the Stade de France ensued; a final count of 130 people were killed, and hundreds of others injured. French President François Hollande quickly declared a state of emergency and French government tightened border controls. The attacks subsequently heightened terror alerts worldwide, as militant group ISIS claimed responsibility, releasing propaganda videos threatening forthcoming attacks in other parts of the world. Thereafter the French military conducted a series of airstrikes on Syria. Nearly a week later, ringleader of the attacks, Abdelhamid Abaaoud was tracked down and killed in a dramatic raid. Support worldwide was extended and a stronger fight against ISIS was collectively at the forefront.

**TWIN SUICIDE BOMBINGS** The deadliest attack on Turkish soil killed more than 90 individuals during a peace march in the capital of Ankara, nearly three weeks before national elections. The two bombs detonated seconds apart and were thought to target a rally of pro-Kurdish activists.

ISIS didn't claim responsibility but did remain a prime suspect. **GREECE BAILOUT** The country,

whose debt crisis began in 2010, received their third bailout in five years. Prime Minister Alexis Tsipras resigned, called for new elections following the 86 billion euro bailout and, again, was sworn in as Greece's leader on September 21. **PACIFIC TRADE**

**DEAL** The Trans-Pacific Partnership involved 12 countries and aimed to strengthen economic ties, lessen tariffs, encourage growth and potentially create a single market like that of the EU.

He even visited New York where a religious service was hosted at Ground Zero.

#### TRIO OF HEROES

Three American men, Airman First Class Spencer Stone, Oregon National Guard Specialist Alek Skarlatos and college senior Anthony Sadler, aboard a train from Amsterdam to Paris, rushed and stopped a man who boarded with an AK-47 and a handgun. # TRENDS & TALK

THE YEAR'S "TABLE TALK" OFTEN TURNED TO THE FOOD INDUSTRY'S HIGHS AND LOWS.

**UNCONVENTIONAL SALMON** The first genetically modified animal for human consumption was approved in November. AquaBounty Technologies was behind the innovative salmon that they claimed would be just as safe as farm-raised fish, but would grow faster and in half the time. **MICKY D'S POSITIVITY** The fast food chain gained publicity after launching (a very successful) all-day breakfast menu; momentum continued as they announced a campaign to benefit refugees, and were in the news yet again when a pay-it-forward chain of 250 customers began in a Florida drive-through during the holidays. **NUMERO UNO** At risk of demolition, Taco Bell's first 1962 store was moved 45 miles from its Downey, CA location to company headquarters in Irvine, CA. In an effort to regain trust, they held company-wide food safety meetings during lunch hours on February 8; shortly after, the chain offered free burritos to those who texted "RainCheck" to 888222 for the inconvenience.

# DISCOVERY & IMPACT

MOTHER NATURE REMAINED UNFORESEEABLE AND SCIENCE, UNDENIABLY AWE-STRIKING.

Amidst all of Mother Nature's mood swings — floods, fires and earthquakes — she and the world of science made sure to leave their mark on the year. When scientists announced there was flowing water on Mars, it gave rise to a question that has long been considered: Does life exist beyond Earth? The watery flow was confirmed by dark streaks that patterned the surface during Martian spring and summer months. Whether or not life could be supported was impossible to determine, and would depend on how briny the water was and how cold the conditions were. Regardless, the discovery reopened doors for NASA researchers to further investigate potential life on Mars.

**HURRICANE PATRICIA** In October, a Category 5 hurricane near Mexico's Pacific coast was the strongest ever recorded in the Western Hemisphere, with maximum wind speeds of 215 mph. **SOUTH CAROLINA FLOODS** The state dealt with more than two feet of rain in October, resulting in thousands of power outages, 17 deaths, several failed dams and an estimated \$1 billion in damages. **EL NIÑO** The second of two back-to-back warmest years recorded was due to an unusually strong El Niño in the Pacific Ocean and ongoing global warming. **CALIFORNIA BLAZES** In September, more than 1,000 homes were destroyed from two massive and relentless wildfires in Northern California. **DENALI** President Obama renamed Mount McKinley Denali in an effort to keep his 2008 campaign promise of improving relations between the government and existing Native American tribes.

The 7.8 magnitude tremor devastated Nepal with more than 8,800 deaths and 3.5 million citizens in need of assistance.
